

DEDEMAN HOTELS & RESORTS INTERNATIONAL

OUR BRAND JOURNEY 2024

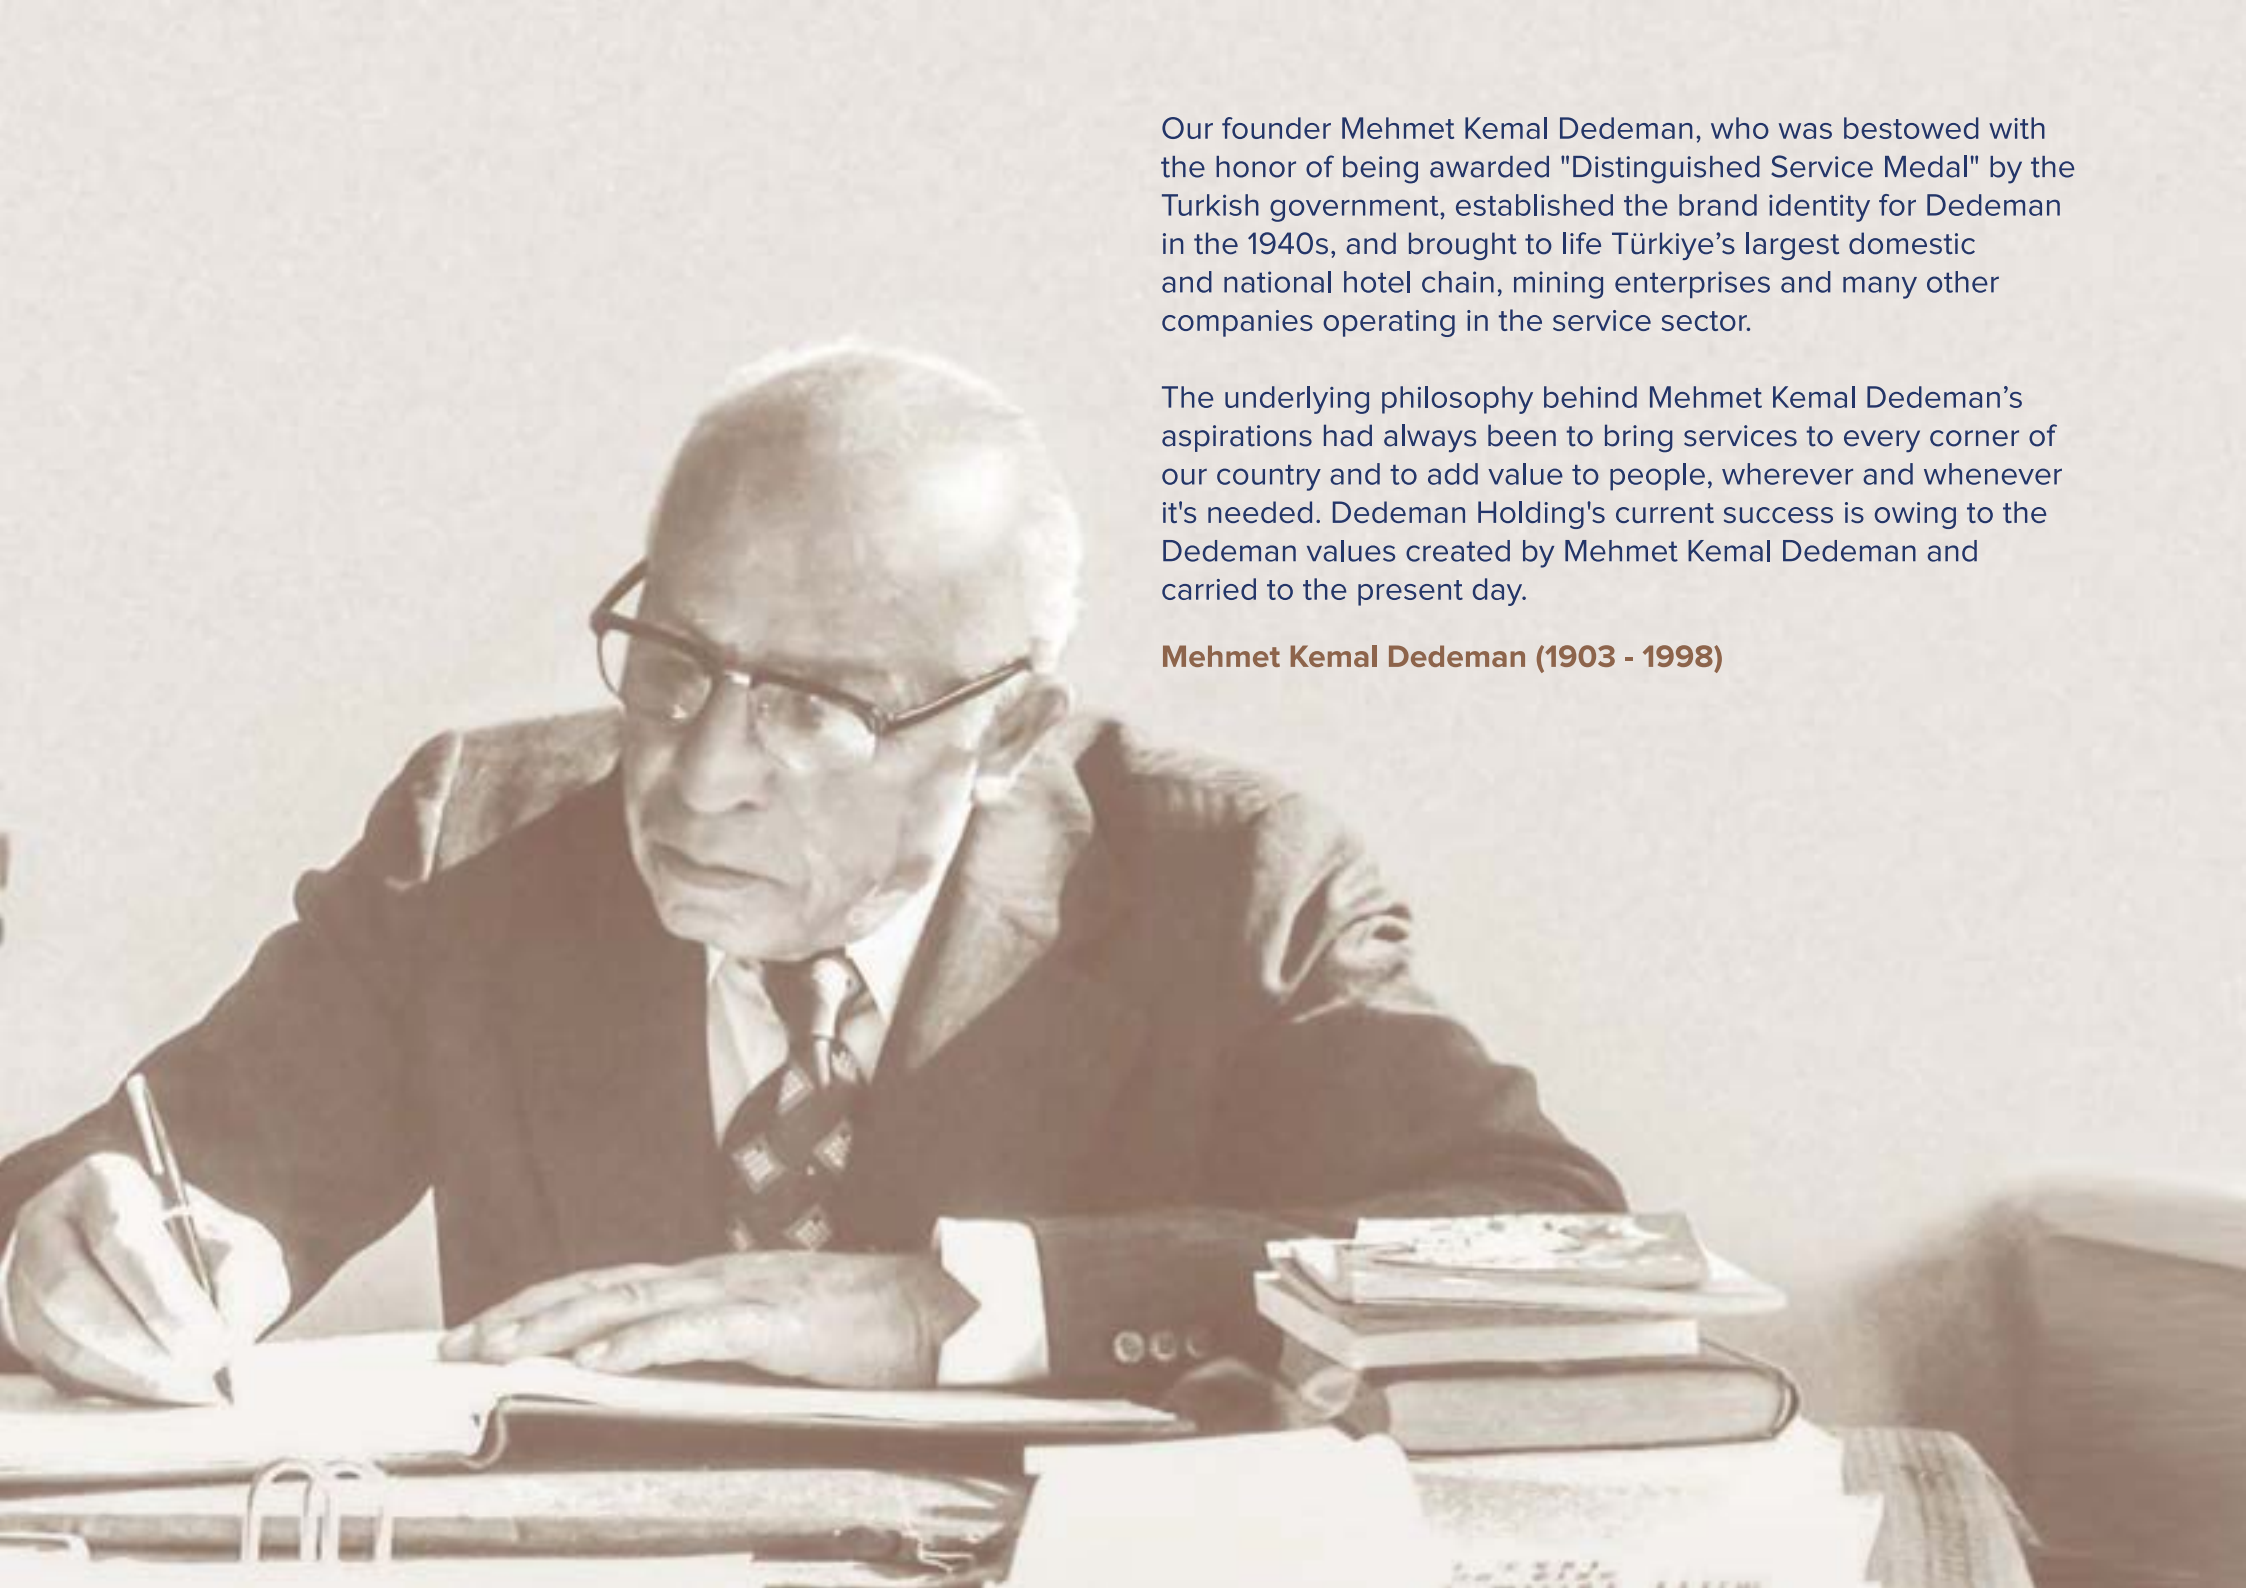

1 VISION. MOVE. FUTURE.

The first international hotel chain of Turkey, Dedeman Hotels & Resorts International, operates a variety of hotels in Turkey and abroad, with accommodation brands across three principal segments, satisfying different needs through smart and customer-oriented solutions.

Our founder Mehmet Kemal Dedeman, who was bestowed with the honor of being awarded "Distinguished Service Medal" by the Turkish government, established the brand identity for Dedeman in the 1940s, and brought to life Türkiye's largest domestic and national hotel chain, mining enterprises and many other companies operating in the service sector.

The underlying philosophy behind Mehmet Kemal Dedeman's aspirations had always been to bring services to every corner of our country and to add value to people, wherever and whenever it's needed. Dedeman Holding's current success is owing to the Dedeman values created by Mehmet Kemal Dedeman and carried to the present day.

Mehmet Kemal Dedeman (1903 - 1998)

Murat Dedeman, Dedeman Holding's second generation representative and Honorary President, has pioneered in the modern conduct of mining operations in Turkey and has gone to great lengths to bring the Turkish tourism industry to a point that makes us proud today all this thanks to his commitment to corporate values whose foundations were laid by our founder Mehmet Kemal Dedeman.

Murat Dedeman has made the Dedeman brand a leading figure in carrying contemporary hotel concepts beyond the big cities and all the way into deep parts of Anatolia.

By virtue of his vision and leadership, he has been a source of inspiration not only for the Dedeman Group, but also for the Turkish business world and the tourism sector.

Murat Dedeman (1951 - 2019)

DEDEMAN GROUP

A HISTORY, ALIVE AND GROWING

Holding

Dedeman Holding was established in the early 1990's. The company, which has been on the rise in parallel with the development of the Republic of Türkiye, is a 100 percent family-owned company and continues to make contribution to the Turkish economy by continuing to operate in the fields of mining and tourism, which are its two main business lines today.

Mining

Dedeman is one of the leading industrial establishments of Türkiye. Specialized in the operation of chrome, zinc and lead mining, Dedeman has been making significant contributions to the Turkish economy in this field since 1947 as well.

Tourism

Since 1966, Dedeman Hotels & Resorts International; Türkiye's the biggest domestic and national hotels chain; provides service since 1966 in its hotels in Türkiye and abroad, today continues to offer rational and customer-oriented solutions for its guests' various accommodation needs, expectations through its 9 different brands.

Vision

To be the Dedeman for all with our human centered and quality focused approach.

Mission

By embracing our differences as our greatest strength, we aspire to touch the hearts of all through Dedeman hospitality, crafting unforgettable experiences.

Core Values

DEDEMAN LOGO

JOURNEY OF THE EAGLE

Our founding father Mehmet Kemal Dedeman was once visiting the Aladağlar mountain range for a mining expedition and was impressed by its highest point, Kartaltepe, which means 'Eagle Hill' in English. He realized that the eagle, which lives on mountain peaks and dominates the skies, is the perfect symbol of Dedeman and its goals, due to its speed, strength and balanced soaring through the high skies. That's when he decided that the eagle should represent Dedeman.

For 50 years, the eagle has been an irreplaceable icon on the Dedeman logo.

FROM PAST TO PRESENT...

A BRIEF HISTORY OF DEDEMAN

- 1918 Mehmet Kemal Dedeman began his business life.

DEDEMAN HOTELS APP

SUSTAINABILITY PROJECTS

In line with our joint work with the **Cage Free Türkiye Platform**, we have adopted an egg policy beyond the minimum standards of our industry.

As of April 1, 2021, **we supply the eggs we use in all our hotels in Türkiye from a cage-free system**, in order to offer the most accurate products to our guests with sustainable animal welfare approach. We are delighted to announce being the first hotel brand that completed the transition to this practice in Türkiye.

BICYCLE FRIENDLY ACCOMODATION

With our "bicycle project" which supports cycling tourism and reducing carbon footprint, we aim to use our resources more efficiently. In our hotels within the scope of bicycle Project we offer;

- Bicycle garage, parking area, bike wash area, regional bike maps, guided city tours,
- Bicycle repair kits for minor repairs and maintenance and workshop, nearest bike store for major repairs,
- Special for amateur and professional cyclists, services such as sports menu and sports massage.

<https://tga.gov.tr/faaliyet/bike-friendly/>

ECO TOURISM

We adopt a tourism approach based on ensuring the sustainability of resources of the natural environment of the earth, as well as supporting the economic development of the society in those regions wherever our hotels are located while supporting the preservation of social and bio-cultural diversity. As Dedeman Hotels & Resorts International, we have become a member of TIES (International Eco tourism Society), which is considered one of the most important organizations in its field, which continues to work for the development of ecotourism in the world, in order to reflect this approach to our activities more systematically and officially.

With the consciousness of knowing ecotourism is a kind of "**responsible tourism**", it is our mission to introduce the potential of our country to the world and minimizing the negative consequences that may be associated with human presence in naturally beautiful locations as well as, protecting these natural beauties for future generations.

Green Key

With Green Key certificate that is internationally valid and applicable in 65 countries, we are amongst the environment friendly facilities that serves natural food and focuses on energy and water saving policies. We accept guest satisfaction as a reward, and we offer our guests to experience high service standards all the time.

CLEAN AND RENEWABLE ENERGY

ZES Electrical Car Charging Station

In cooperation with ZES, we have been continuing charging station projects for electric cars since 2020. By contributing to the transition to sustainable and renewable energy production, we continue to provide sustainable tourism services to both our guests and environmentally friendly car owners.

I-REC CERTIFICATE

Use of 100% Renewable Energy

Having introduced a novelty in our sector, we have started to provide our energy from renewable energy sources. Our domestic hotels, which use all of their electrical energy from renewable energy sources, have received the **International Renewable Energy Certificate (I-REC)**, a certification system with international validity.

In the coming period; we aim to reduce the carbon emission of electricity produced from sources such as fossil fuel, natural gas, coal by more than 99 percent and to cover all of our electricity consumption, which reaches 20 thousand MWH annually, from green energy sources.

GREEN STAR

Environmentally Friendly Accommodation

Within the scope of the project entitled “**environmentally friendly accommodation facilities**” initiated by the Republic of Türkiye Ministry of culture and tourism we are committed to adapting the environmental policy and action plan with green star and environmental label application granted to accommodation facilities certified by the Ministry which they meet the established criteria and to complying with this report, which includes all the activities carried out in accordance with this plan.

We support the waste management goal with all our hotels in Türkiye, with our **Zero Waste Certificate**;

we aim to seriously prevent the reduction of natural resources in our hotels,

save energy,

contribute to environmental protection,

and help create a strong economy.

HRS GREEN STAY INITIATIVE CERTIFICATE

While HRS provides a global standard for hospitality industry with Green Index Initiative, through normalized data and recommendations on behalf of more sustainable business travel and accommodation it shows complete transparency. Taking into account the call made by HRS to all hotel partners worldwide, we include the data of our hotels in the system with the green index methodology.

With the mission of strengthening a child-friendly, safe tourism understanding and developing awareness of children's rights we are guided by international agreements and national legislation regulating the rights of the child, especially the United Nations Convention on the Rights of the Children. We strive to please our little guests in all areas, from the observance of special services for children to staff communication with our support for the **Child-Friendly Tourism** project conducted by the International Children's Center.

We support the rights to life together.

Since we approach protection of natural life and animal rights sensitively, no products tested on animals are used in our hotels.

Pet-friendly accommodation at Dedeman!

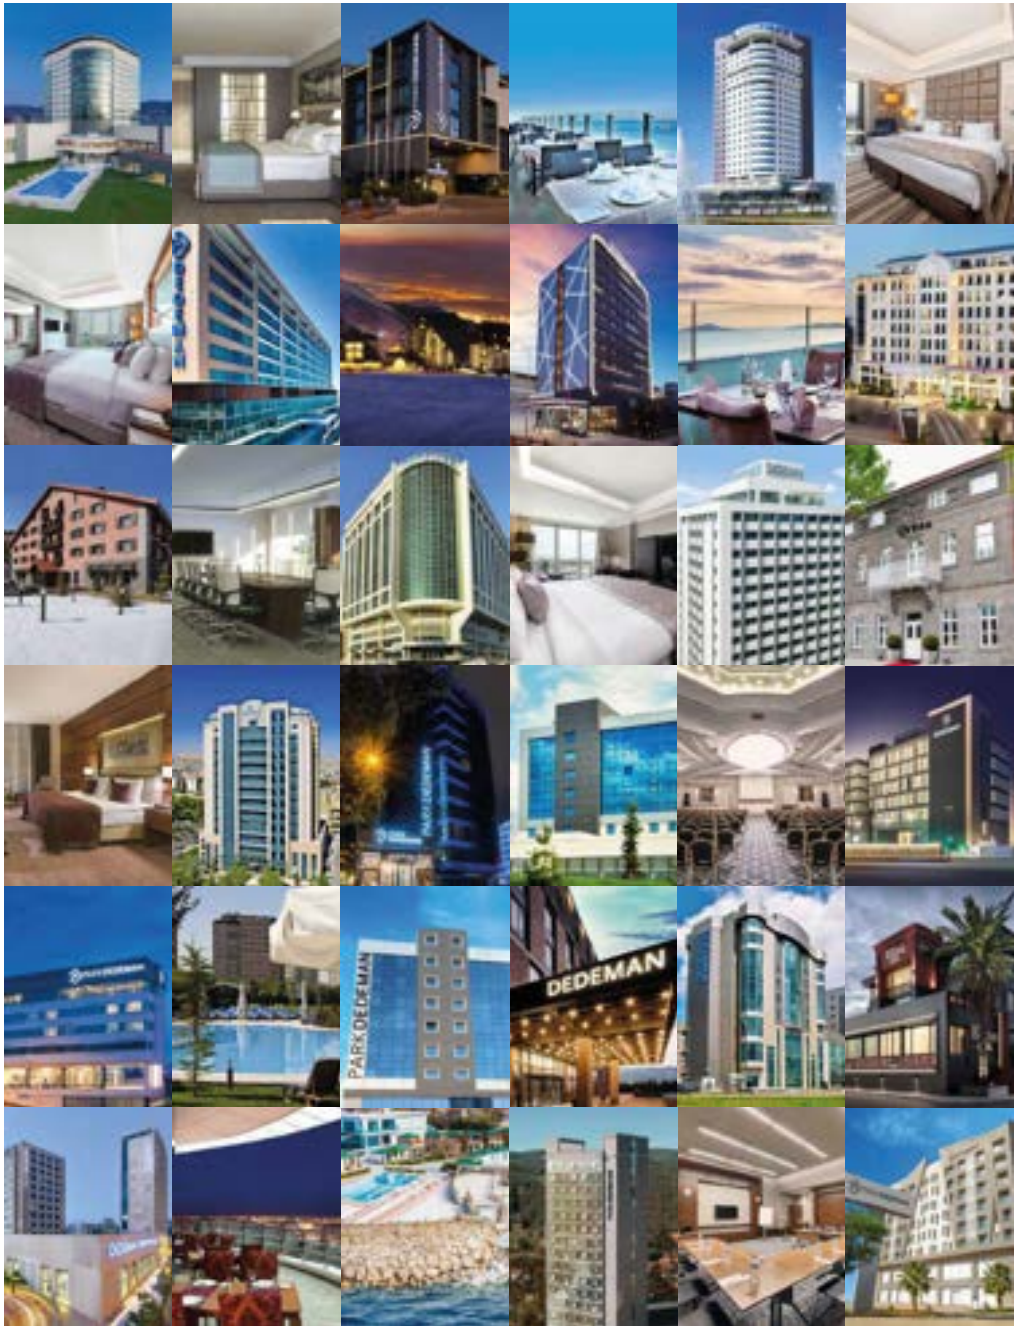

We allow you to spend your stays with your four-legged buddies because we are aware that you do not want to be separated from them for even a brief period of time. We are happy to accept you and your family's pets in our chosen hotels as long as they meet the required conditions.

CONSULTANCY SERVICES WE PROVIDE

Dedeman Hotels & Resorts International Türkiye's the biggest domestic and national hotels chain; offers its expertise and know-how to everyone who wants to deliver their guests privileged services exclusive to global hotel chains.

PAST TO PRESENT,
FROM CITY TO CITY...

STAY CURIOUS, STAY AMAZED,
